♦ **Pelican Isle Yacht Club – Top 50 Platinum Yacht Clubs of the World Status**

Pelican Isle Yacht Club is proud to announce that the Club has been selected as a Platinum Club of the World! Platinum Club recognition is the most respected award in the Private Club industry. Pelican Isle Yacht Club was awarded internationally in the 2020-2021 top 50 Yacht Club Category.

Initiated in 2013, the Platinum Clubs of the World vote takes place every other year and is conducted through a worldwide vote of an international panel of industry experts, historians and connoisseurs, which makes this Platinum recognition the most respected acknowledgment in the industry. These Industry Leaders were directed to vote for Clubs that meet the seven Platinum Clubs of the World Selection Criteria.

This year, the Top 50 Platinum Yacht Clubs of the World have been elected for the first time through Platinum Clubs of the World, which demonstrates how truly global the yachting lifestyle has become. Previously voted the #7 Yacht Club in America, this is the fourth consecutive placement for Pelican Isle Yacht Club on the prestigious Platinum Clubs list.

Listed are seven criteria for a Club to be considered for selection as a Platinum Club of the World:

UNIVERSAL RECOGNITION

A RESPECTED MEMBERSHIP

EXCELLENCE IN AMENITIES AND FACILITIES

EXCEPTIONAL SERVICE STANDARDS

ADAPTING TO CHANGING TIMES

MANAGEMENT AND OPERATIONS

OVERALL EXPERIENCE

Voters are requested to select Clubs in four categories: Golf Clubs, Country Clubs, City Clubs and Yacht Clubs. The top 100 Golf and Country Clubs, top 100 City Clubs and the top 50 Yacht Clubs are acknowledged with Platinum status until the next vote in November 2022.

Dennis W. Burns, Executive Director of Club Leaders Forum and Platinum Clubs of America stated "Clubs are always striving to meet and exceed Member expectations and sustain Membership levels. Platinum status confirms that Clubs are planning for their future and are adapting to changing times. Above all, a Platinum Club understands the value of its' professional staff and a Platinum Club is universally recognized for excellence. Clubs also respect the recognition by their peers in the industry." To learn more about Club Leaders Forum, please visit their website at www.clubleadersforum.com/platinum-clubs/.

MIPAC 4th Quarter Contributions

Marine Industries Promoting Access for Citizens

In 2002 the Marine Industries Association of Collier County formed a Political Action Committee named Marine Industries Promoting Access for Citizens (MIPAC). This action was taken so that we can support issues and legislative candidates who assist the goals and purposes of the marine industries community.

On a quarterly basis, the MIPAC seeks donations of \$50.00 from each member. The MIPAC's mis-

sions and goals are to act upon problematic issues that must be addressed at the legislative level for the growth and protection of the marine industry. Monies collected from the MIPAC donations are used in supporting political decision makers that will tackle the very issues that affect all members of our industry. As a good steward of our member's donations, MIPAC adheres to uniform contribution criteria when determining how much and

to which candidate assistance is allocated.

MIPAC will educate you about the political landscape and issues facing our organization and will strategize political impact. In addition, the committee is always open to suggestions, questions and comments.

Please send your quarterly donations to MIPAC, PO Box 9887, Naples, Florida 34101

The MIACC represents you, the marine business owner and your business interests to the government and to the public. At a time when government regulations are expanding, the MIACC is striving to work with government - locally, statewide and nationally to protect equally all marine business concerns. Our goal is to inform our members how their business will be affected and how solutions can be reached if new regulations are at odds with marine business interests. In addition, it is equally important to work with the public in preserving their right to safe and fun boating. The MIACC works with educators and safety organizations to educate the public to practice safe boating. The MIACC also encourages members to put in place hands-on environmental business practices that will prevent pollution and damage to our coastal waters thus protecting boaters' enjoyment of healthy waterways and ensuring a sustainable future for the environment and the marine industry.
