The Foundation's primary goal for Keewaydin Preserve is to provide a safe place for its members and guests to enjoy the island while encouraging responsible marine stewardship and education on Southwest Florida's marine ecosystem. The preserve will provide an excellent location to host educational and recreational activities like fishing, camping and water sports.

The Keewaydin Preserve project will be completed in phases. Philanthropic donations to the MIACC Foundation are tax deductible. Contact us to discuss how you can be a part of this legacy project.
