NICK PEARSON

Bayshore Marine Consulting, LLC

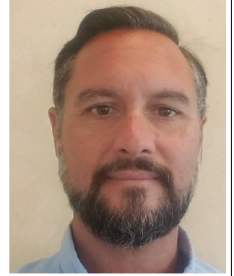

Nick is the owner and operator of Bayshore Marine Consulting LLC, an environmental consulting company specializing in providing basic design and environmental permitting assistance for all forms of marine construction. Nick graduated from Eckerd College in 2013, earning a B.S. in Marine Biology. He then interned and was employed with Mote marine lab and the Florida Aquarium for several years before moving back home to Naples and working at a local marine engineering company. In his free time, he enjoys fishing, boating, diving, woodworking, playing with his dog Banjo, and spending time with his wife, Stephanie and daughter, Callie.

CHARLES TOZZI

Port 32 Marinas

I have lived in Naples for 32 years, I am married with three children. I have worked in the marine industry my entire career, mostly in Florida. Over the years I have worked in various service and storage positions at different marinas. I was the boathouse manager/dockmaster at Rose Marina for 8 years, general manager of Naples Bay Yacht Stowage for 2 years and most recently I have taken the role as general manager of Port 32 Marina in Marco Island. I am also a part-time yacht broker for Nautical Yacht Sales based out of Dania Beach. In my spare time I enjoy boating and going to the beach with my family. I thoroughly enjoy working in the marine industry and I would like to contribute to the growing success of our business in southwest Florida.

AUSTIN SPORN

MarineMax Naples

Austin was born and raised in Naples, Florida. He is proud to be a Naples native with a lifelong connection to our local waters. Austin graduated from Florida State University in 2023 with a Bachelor of Science in Advertising and a Bachelor of Arts in French.

During college, he began working at Coastal Marine Fuel at Naples Boat Club, where his passion for the marine industry really took shape. After graduation, he spent a year in Wisconsin with Epic Systems. There, he optimized physicians' communication systems and coordinated the implementation of the first electronic medical records system for the Ministry of Health in Quebec, Canada.

In 2025, he returned home to Naples to join MarineMax, where he currently serves as the Marketing and Business Development Manager. At MarineMax Naples, Austin manages everything from social media, Getaways!® trips, and local events to online

listings and customer communications. On the business development side, he oversees their CRM system and supports the sales team throughout the customer journey.

Austin has always loved the water and boating and is passionate about sharing that lifestyle and community with others.

**Nosey Neighbor
Home Watch**

239-300-1969

The best neighbor to have when you're not home!

BONDED INSURED

Nosey Neighbor Home Watch provides the peace of mind you deserve while you are away from your Naples home.

Being voted into the top 3 finalist in The Best of The Gulfshore for two years in a row illustrates how our current clients feel about our services!

Rose Marina Service & Parts Department is offering for sale, certain parts we've had in stock – most parts are for engines we no longer service.

Upon request, we can send a file identifying the parts available for wholesale:

We are selling all the items as one lot.

Most items are in their original packaging, are neatly organized and are ready for immediate pickup (or delivery) in 16 large plastic bins (see attached photo).

The entire lot has a retail value of \$68.9K, and our cost was \$38.7K - we are asking \$27,000 (plus tax) for the lot.

MIPAC 4th Quarter Contributions

Marine Industries Promoting Access for Citizens

In 2002 the Marine Industries Association of Collier County formed a Political Action Committee named Marine Industries Promoting Access for Citizens (MIPAC). This action was taken so that we can support issues and legislative candidates who assist the goals and purposes of the marine industries community.

On a quarterly basis, the MIPAC seeks donations of \$50.00 from each member. The MIPAC's mis-

sions and goals are to act upon problematic issues that must be addressed at the legislative level for the growth and protection of the marine industry. Monies collected from the MIPAC donations are used in supporting political decision makers that will tackle the very issues that affect all members of our industry. As a good steward of our member's donations, MIPAC adheres to uniform contribution criteria when determining how much and

to which candidate assistance is allocated.

MIPAC will educate you about the political landscape and issues facing our organization and will strategize political impact. In addition, the committee is always open to suggestions, questions and comments.

Please send your quarterly donations to MIPAC, PO Box 9887, Naples, Florida 34101
